MUTUAL EVALUATION FOLLOW-UP REPORT OF THE REPUBLIC OF SIERRA LEONE

I. INTRODUCTION

With the enactment of the AML/CFT Act, 2012, which to a large extent addresses the deficiencies in the AML/CFT regime, Sierra Leone made a case at the 17th Plenary for GIABA to rescind its decision regarding the public statement issued on the country's non-compliance with key recommendations. Whilst the new Act strengthened the legal framework for the fight against money laundering and terrorist financing, a lot more needs to be accomplished in order to ensure that Sierra Leone comply in considerable measure with the FATF recommendations. The Seventh Follow-up report is being presented in line with the requirements of the enhanced follow-up process, and highlights key developments since the last plenary.

The country was subjected to a Mutual evaluation in 2006 and the assessment was based on the FATF 40=9 recommendations. The report rated the Country as follows:

II. SUMMARY OF THE PROGRESS MADE BY SIERRA LEONE (APRIL 2012-SEPTEMBER 2012)

(A) AML/CFT TECHNICAL COMMITTEE CALL FOR THE APPOINTMENT OF A DIRECTOR PURSUANT TO SECTION 7 OF THE AML/CFT ACT, 2012

Following the enactment of the AML/CFT Act, in February 2012, the Technical Committee took a decision at itsw meeting of 20th March 2012 to urge the President of the Republic of Sierra Leone to consider the appointment of a Director of the FIU consistent with Section 7 of the Act.. The appointment of a Director will enable the Unit to become fully operational and affirm its independence and capacity to lead the fight against money laundering and terrorism financing.

(B) STAKEHOLDERS MET TO DRAFT A NATIONAL PROCEDURE ON ANTI-TERRORISM AND PROLIFERATION FINANCING

The World Bank supported a joint initiative by the Bank of Sierra Leone and Transnational Organised Crimes Unit (TOCU) in drafting a National Procedure on Anti-Terrorism and Proliferation Financing. The three day workshop held on 23rd to 25th July, 2012 was attended by all relevant stakeholders. Key outcomes of the workshop included an agreed chain of distribution of the United Nations or other List of Designated persons and proposed recommendations for each institution to consider. The recommendations have been circulated to all relevant institutions and agencies for necessary action.

(C) PRINTING OF REVISED CURRENCY DECLARATION FORMS

The United Nations Integrated Peace Building Mission in Sierra Leone (UNIPSL) provided funds for the printing of 100,000 revised currency declaration forms for use in tracking cross border movement of cash and other negotiable bearer instruments above the specified threshold. The support has enabled the National Revenue Authority to carry out its mandate of administering currency declaration at various points of entry.

(D) SUSPICIOUS TRANSACTION REPORTS

During the period under review, ten (10) suspicious Transaction Reports (STRs) were received mainly from commercial banks. Four (4) have been forwarded to the law enforcement for further investigation. The courts are yet to test the effectiveness of the new Act.

In addition to the STRs received, the FIU also received three (3) requests from the Transnational Organised Crime Unit and the Sierra Leone Police for information to aid their investigation. Intelligence reports were provided by the FIU for each request.

(E) CURRENCY TRANSACTION REPORTS.

A total of 39,583 disclosures in respect of currency transactions above the specified threshold were received by the FIU during the period under review.

(F) CURRENCY DECLARATION IMPLEMENTATION EXTENDED TO LAND BORDER ENTRY POINTS.

The Transnational Organised Crime Unit (TOCU) hosted series of workshops at key border points to promote inter-agency cooperation among the Police, National Revenue Authority, Immigration and other stakeholders. The workshop was used to introduce the Currency declaration forms to these entry points.

III. CONCLUSION

The appointment of a Director for the FIU is critical for the effective implementation of our AML/CFT regime. The initiative aimed at developing a procedure for the implementation of the UNSCR 1267 and 1373 will further enhance our compliance with counter terrorism and proliferation financing measures.

Further more the Act dost not stipulate that terrorists financing offences should not require that funds were actually used to carry out or attempt a terrorist act or be limited to specific terrorist act		It is submitted that section 16 deals with the offence of financing of terrorism not the fact as to whether or not such funds were actually used to carry out terrorist acts.
